As members of the Mutual Funds Dealers Association, LWIF is required to ensure that each transaction in your account is suitable based on our due diligence in learning about the essential facts relative to your investment strategy and objectives. These essential facts, commonly referred to as "Know-Your-Client" information, are included on new account application forms and defined as follows:

Investment Objective

Your investment objective is the primary consideration or goal of your account. Your objective is specific to each account and can be different for different accounts. Your objective may be defined one or a combination of the following objectives: "income" and "growth". Each of these categories is defined below.

- **Income:** The primary purpose of an income oriented portfolio is to generate an income stream in the form of interest and dividends. Income oriented investors are less concerned about growth of the underlying assets (i.e. capital gains). An income generating portfolio will hold a relatively high portion of the account in bonds and preferred shares.

- **Growth:** The primary purpose of a growth oriented portfolio is to see the holdings in the portfolio increase over time (i.e. earn capital gains). Growth oriented investors are not concerned with income generation (i.e. interest and dividends), but want the holdings to appreciate in value over time. A growth generating portfolio will hold a relatively high portion of the account in equities, especially if the investor also has a higher risk tolerance and longer time horizon.

Risk Tolerance

Risk tolerance gauges your ability and willingness to assume risk in your account. Every investor has their own tolerance for risk. An investor's risk tolerance is directly related to their investment objectives, investment time horizon and comfort with volatility. An investor with a 'low' risk tolerance is less willing to accept volatility in portfolio value and/or may have a shorter investment time horizon. An investor with a 'high' risk tolerance is willing to accept larger variations in portfolio value and has a longer investment time horizon.

All investments have risk. Prior to investing in any fund, each investor should read the simplified prospectus for the fund, with specific attention to the section entitled "What are the Risks of Investing in the Fund?"

The differing levels of risk tolerance are defined below:

- **Low:** Low risk investments demonstrate a low level of volatility in returns and are for investors who are willing to accept lower returns for greater safety of capital. Our Money Market Fund, and Fixed Income Fund are Low risk.
- **Low - Medium:** Low to Medium risk investments demonstrate more volatility in returns than Low risk investments and are for investors who are looking for some growth over a longer period of time. Our Balanced Fund, Income Advantage Fund, Corporate Fixed Income Fund and High Yield Bond Fund are Low to Medium risk.
- **Medium:** Medium risk investments demonstrate a moderate volatility in returns and are for investors who are looking for moderate growth over a longer period of time. Our Canadian Equity Fund, U.S. Equity Fund, International Equity Plus Fund and Canadian Dividend Fund are Medium risk.
- **Medium - High:** Medium to High risk investments demonstrate a greater level of volatility in returns than Medium risk investments and are for investors who are growth-oriented and are willing to accept higher levels of short term fluctuations in portfolio value in exchange for potentially higher long-term returns.
- **High:** High risk investments demonstrate a high level of volatility in returns and are for investors who are growth-oriented and are willing to accept significant short term fluctuations in portfolio value in exchange for potentially higher long-term returns.

We will ensure that each investment we recommended for you or accepted from you is suitable for you in relation to your investment objective, time horizon, risk tolerance and other financial information you provide to Leith Wheeler during your account opening and periodically during our account updates. Our obligation to make a suitability determination applies to trades you propose, whether or not we have recommended the trade. To ensure the suitability of your investments our Investment Advisor will assess your account:

- When you transfer assets into a Leith Wheeler account;
- Whenever Leith Wheeler becomes aware of a material change in your client information;
- Whenever the Investment Advisor is changed on your account at Leith Wheeler.

Our Investment Funds Advisors are available through our toll-free telephone number, 1-888-292-1122, or in person when you make an appointment in our Vancouver office (1500-400 Burrard Street, Vancouver, BC) or our Calgary office (570-1100 1st Street SE, Calgary, AB).

Content and Frequency of Reporting

Leith Wheeler Investment Funds clients are mailed a confirmation notice after every transaction. Each quarter you will receive a quarterly statement detailing your account activities, asset mix, and the valuation of each Fund and your total portfolio. If you participate in an Automatic Payment Plan, which provides systematic trading in the securities of a mutual fund on a monthly or more frequent basis, LWIF will send a trade confirmation for the initial trade but not for subsequent transactions, unless you arrange otherwise. Each confirmation of trades sent to you will include the quantity and description of the Fund, price per unit of the trade, the consideration, the breakdown of any cost, and the date of the trade.

On the Leith Wheeler website (www.leithwheeler.com) we provide information on our Quarterly Investment Outlook, Periodic Newsletters (Invested and Planning Matters) and a variety of investment articles and the Funds' Performance reviews. The most recent versions of the Simplified Prospectus, Fund Facts and Fund Financial Statements are also available. All publications are also available in hard copy upon request.

Operating Charges

Operating charges are defined as any amount charged to a client by LWIF in respect of the operation, transfer or termination of the client's account and includes any federal, provincial or territorial sales taxes paid on that amount. Some examples of these charges include service charges, administration fees, safekeeping fees and management fees. The only fees that apply to each of these services are the management expense ratios (MERs) of the mutual funds. LWIF will provide written notice of new or increased operating charge 60 days before the date on which the imposition or increase becomes effective.

Transaction Charges

Transaction charges are defined as any amount charged to a client by LWIF in respect of a purchase or sale of a security and includes any federal, provincial or territorial sales taxes paid on that amount. Some examples of these charges include commissions, transaction fees, switch or changes fees and performance fees. LWIF's Investment Funds are "no load" and LWIF does not directly or indirectly pay fees, sales commission or trailing commission, nor do we provide any non-monetary benefits to registered dealers for distribution of our Investment Funds. If a dealer charges you a commission for fee, that is a matter between you and the dealer. There is no charge for buying or redeeming units of the Funds through LWIF and in addition, there are no account set up fees when you transfer your assets through LWIF. If you have any questions on fees charged in relation to your account with us, please speak with your Investment Advisor.

How to use Investment Performance Benchmarks

You can use investment performance benchmarks to assess the relative performance of your portfolio versus, most commonly, a published index (or a hybrid of several indices). It is important to choose a benchmark that has similar (or identical) risk and return characteristics and asset classes. If there is no single benchmark that matches your portfolio you may be able to construct a hybrid benchmark. The closer a benchmark matches your portfolio, the more meaningful the comparison.

Benchmarks can help you determine if your portfolio is achieving your investing goals, and help you develop realistic expectations for the long-term return on your portfolio. Benchmarks usually do not include fees in their return calculations, so their returns are overstated versus a real portfolio. A portfolio manager is generally considered to be doing very well if your portfolio matches the benchmark after taking fees into account.

We do not provide benchmark comparisons in our account reporting. Please speak to your Investment Fund Advisor if you have questions about the performance of your portfolio or what benchmarks might be appropriate for you.

E. Mutual Fund Dealers Association of Canada Client Complaint Disclosure

Clients of a mutual fund dealer who are not satisfied with a financial product or service have a right to make a complaint and to seek resolution of the problem. MFDA Member dealers have a responsibility to their clients to ensure that all complaints are dealt with fairly and promptly. If you have a complaint, these are some of the steps you can take.

- Contact your mutual fund dealer. Member firms are responsible to you, the investor, for monitoring the actions of their representatives to ensure that they are in compliance with by-laws, rules and guidelines governing their activities. The firm will investigate any complaint that you initiate and respond back to you with the results of their investigation within the time period expected of a Member acting diligently in the circumstances, in most cases within three months of receipt of the complaint. It is helpful if your complaint is in writing.
- Contact the Mutual Fund Dealers Associations of Canada (MFDA), which is the self-regulatory organization in Canada to which your mutual fund dealer belongs. The MFDA investigates complaints about mutual fund dealers and their representatives, and takes enforcement action where appropriate. You may make a complaint to the MFDA at any time, whether or not you have complained to your mutual fund dealer. The MFDA can be contacted:
 - by completing the on-line complaint form at www.mfda.ca
 - by telephone in Toronto at (416) 361-6332, or toll free at 1-888-466-6332,
 - by e-mail at complaints@mfda.ca, or
 - in writing by mail to 121 King Street West, Suite 1000, Toronto, ON M5H 3T9 or by fax at (416) 361-9073

Compensation

The MFDA does not order compensation or restitution to clients of Members. The MFDA exists to regulate the operations, standards of practice and business conduct of its Members and their representatives with a mandate to enhance investor protection and strengthen public confidence in the Canadian mutual fund industry. If you are seeking compensation, you may consider the following:

Ombudsman for Banking Services and Investments (OBSI): You may make a complaint to OBSI after you have complained to the dealer, at either of the following times:

- If the dealer's Compliance Department has not responded to your complaint within 90 days of the date you complained, or;
- After the dealer's Compliance Department has responded to your complaint and you are not satisfied with the response. **Please note that you have 180 calendar days to bring your complaint to OBSI after receiving the dealer's response.**
- OBSI provides an independent and impartial process for the investigation and resolution of complaints about the provision of financial services to clients. OBSI can make a non-binding recommendation that your firm compensate you (up to \$350,000) if it determines that you have been treated unfairly, taking into account the criteria of good financial services and business practice, relevant codes of practice or conduct, industry

regulation and the law. The OBSI process is free of charge and is confidential. OBSI can be contacted:

- By telephone in Toronto at (416) 287-2877, or toll free at 1-888-451-4519; or
- By e-mail at ombudsman@obsi.ca
- Legal Assistance: You may consider retaining a lawyer to assist with the complaint. You should be aware that there are legal time limits for taking civil action. A lawyer can advise you of your options and recourses. Once the applicable limitation period expires, you may lose rights to pursue some claims.
- In Manitoba and Saskatchewan: Securities regulatory authorities in these provinces have the power to, in appropriate cases, order that a person or company that has contravened securities laws in their province pay compensation to a claimant. The claimant is then able to enforce such an order as if it were a judgment of the superior court in that province. For more information, please visit:
 - Manitoba: www.msc.gov.mb.ca
 - Saskatchewan: www.fcaa.gov.sk.ca

G. Pre-Authorized Debit ("PAD") Terms and Conditions

By this Agreement, and in keeping with the rules set out by the Canadian Payments Association, you authorize LWIF's bank to debit your account (the "PAD Account") at the financial institution holding your PAD Account for Pre-Authorized Debit for the ongoing purpose of purchasing mutual fund units on a regular basis, as specified in this application.

You agree to these Terms and Conditions and pre-authorize LWIF's bank to process a debit in the amount of your outstanding payments on the due date(s) set out in your application.

You warrant, on a continuing basis, that all persons whose signatures are required to authorize transactions in the PAD Account have provided authorization(s).

You may change instructions for, or cancel, the PAD at any time, provided that LWIF receives at least five (5) business days' written notice. You acknowledge that cancellation of this pre-authorization does not terminate any part of this Agreement and does not relieve you of your obligations to pay the amounts owing under the Agreement. For more information regarding your right to cancel a PAD agreement, please consult with your financial institution or visit the Canadian Payments Association website at www.cdnpay.ca.

You acknowledge and agree that you are fully liable for any charges incurred if the debits cannot be made due to insufficient funds or any other reason for which you may be held accountable, and we may cancel your future automatic purchases.

You have certain recourse rights if any debit does not comply with this Agreement. For example, you have the right to receive reimbursement for any debit that is not authorized or is not consistent with this PAD Agreement. To obtain more information on your recourse rights, you may contact your financial institution or visit www.cdnpay.ca.
