December 31, 2010

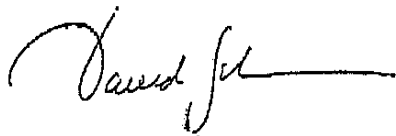

## MANAGEMENT RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying financial statements of Leith Wheeler Income Advantage Fund (the “Fund”) have been prepared by the Manager, Leith Wheeler Investment Counsel Ltd. The Manager is responsible for the preparation and presentation of the Fund’s financial statements and the development of internal controls over the financial reporting process.

The Board of Directors of the Manager is responsible for reviewing and approving the financial statements and for overseeing the Manager’s performance of its financial reporting responsibilities. The Board of Directors has approved the accompanying financial statements of the Fund.

KPMG LLP, the external auditors of the Fund, were appointed by the Manager, and the external auditors can only be changed with the prior approval of the unitholders of the Fund. As explained in their auditors’ report, KPMG LLP have audited the financial statements in accordance with Canadian generally accepted auditing standards to enable them to express to the unitholders their opinion on the financial statements. Their auditors’ report is included in this Annual Report.

## INDEPENDENT AUDITORS' REPORT

To the Unitholders of Leith Wheeler Income Advantage Fund

We have audited the accompanying financial statements of Leith Wheeler Income Advantage Fund, which comprise the statements of investment portfolio and net assets as at December 31, 2010, the statements of operations and changes in net assets for the period from commencement of operations on December 21, 2010 to December 31, 2010, and notes, comprising a summary of significant accounting policies and other explanatory information.

### *The Manager's Responsibility for the Financial Statements*

The Manager is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as the Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Manager, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements present fairly, in all material respects, the statements of investment portfolio and net assets of Leith Wheeler Income Advantage Fund as at December 31, 2010, and its statements of operations and changes in net assets for the period from commencement of operations on December 21, 2010 to December 31, 2010 in accordance with Canadian generally accepted accounting principles.

# LEITH WHEELER INCOME ADVANTAGE FUND

Notes to Financial Statements

Period from commencement of operations on December 21, 2010 to December 21, 2010

---

## 1. Operations:

The Leith Wheeler Income Advantage Fund (the "Fund") was established under the laws of British Columbia pursuant to a trust indenture between Leith Wheeler Investment Counsel Ltd., as manager (the "Manager"), and CIBC Mellon Trust Company, as trustee. The Fund's custodian is the Canadian Imperial Bank of Commerce.

The Fund commenced operations on December 21, 2010. Currently authorized series of units are as follows: Series A units do not carry any management fees and are available to investors that satisfy certain criteria related to the nature of the investors and certain other matters as established by the Manager; Series B units are available to all other investors. The Fund has Series A and Series B units outstanding.

## 2. Significant accounting policies:

### (a) Valuation of investments:

Investments are deemed to be held for trading in accordance with Canadian Institute of Chartered Accountants (CICA) Section 3855, *Financial Instruments - Recognition and Measurement* ("Section 3855") and therefore are recorded at fair value in accordance with CICA Accounting Guideline 18, *Investment Companies*.

Financial instruments carried at fair value are categorized in accordance with CICA Section 3862, *Financial Instruments – Disclosures* ("Section 3862"). Section 3862 establishes a three-tier hierarchy as a framework for disclosing fair value based on inputs used to value the Fund's investments.

The three levels of the fair value hierarchy are as follows:

- Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- Level 3 – inputs that are not based on observable market data (unobservable inputs).

The fair value of investments as at the financial reporting date is determined as follows:

The fair value of equity securities is generally the closing bid price for a security on the recognized exchange on which it is principally traded.

Bonds and other debt securities are recorded at fair value, usually established using the closing bid price on the over-the-counter market.

# LEITH WHEELER INCOME ADVANTAGE FUND

Notes to Financial Statements

Period from commencement of operations on December 21, 2010 to December 21, 2010

---

## 2. Significant accounting policies (continued):

### (a) Valuation of investments (continued):

Money market securities are valued at amortized cost, which approximates their fair value.

Should the quoted value for a security, in the opinion of the Manager, be inaccurate, unreliable or not readily available, the fair value of the security is estimated by using appropriate valuation techniques. Fair value is determined by the Manager on the basis of the most recently reported information for the security, similar securities and the markets in which the security is active.

Investments in securities of another investment fund are valued on a business day at the net asset value per security calculated in accordance with the offering documents of such a investment fund.

### (b) Investment transactions:

Investment purchase and sale transactions are recorded as of the trade date. Realized gains and losses from investments transactions are calculated on an average cost basis. The period change in the difference between fair value and average cost of securities represents unrealized gains and losses. Brokers' commissions and other transaction charges are immediately charged to net income in the period incurred. Cost of securities presented in the Statement of Investments represents the amount paid for each security, including brokerage commissions and other trading costs, and is determined on an average cost basis.

### (c) Income recognition:

Income from investments is recognized on an accrual basis, with dividends recorded as of the ex-dividend date. Other income includes income from income trusts. Distributions received from income trusts are recognized based on the nature of the underlying components such as income, capital gains, and return of capital.

### (d) Foreign exchange:

Foreign currency amounts are translated into Canadian dollars on the following bases:

- (i) Fair value of portfolio investments, other assets and liabilities at the rate of exchange prevailing on each valuation day.
- (ii) Purchases and sales of portfolio investments, income and expenses at the rate of exchange prevailing on the respective dates of such transactions.

Realized and unrealized gains and losses from foreign exchange are included in realized gain (loss) on sale of investments and change in unrealized appreciation (depreciation) of investments, respectively.

# LEITH WHEELER INCOME ADVANTAGE FUND

Notes to Financial Statements

Period from commencement of operations on December 21, 2010 to December 21, 2010

---

## 2. Significant accounting policies (continued):

### (e) Valuation of each series of units:

A different net asset value is calculated for each series of units of the Fund. The net asset value of a particular series of units is computed by calculating the value of that series' proportionate share of the assets less liabilities of the Fund common to all series less the liabilities of the Fund attributable only to that series. Expenses directly attributable to a series are charged to that series. Other expenses are allocated proportionately to each series based upon the relative net assets of each series. Expenses are accrued daily.

### (f) Per unit value:

Per unit values for each series of the Fund are calculated as follows:

- (i) Net asset value per unit is calculated by dividing the net assets attributable to the series determined in accordance with Generally Accepted Accounting Principles (GAAP), by the total number of units of the series outstanding at period end.
- (ii) Net increase (decrease) in net assets from operations per unit, represents the net increase (decrease) in net assets of the series from operations for the period divided by the daily weighted average units outstanding for the series during the period.

### (g) Other assets and liabilities:

For the purpose of categorization in accordance with Section 3855, accrued interest and dividends, receivables for securities issued, amounts due from brokers, the Manager, and other net assets are designated as receivables and recorded at cost or amortized cost. Similarly, amounts due to brokers, accounts payable for securities redeemed, accrued expenses and other liabilities (including market fees payable) are designated as other financial liabilities and reported at cost or amortized cost. Cost or amortized cost approximates fair value for these assets and liabilities.

### (h) Income taxes:

The Fund qualifies as a unit trust under the *Income Tax Act (Canada)*. The Fund distributes to unitholders the following amounts which would otherwise attract tax in the Fund.

- Monthly, net investment income;
- Annually, net realized gain on sale of investment, net of loss carryforwards and other applicable deductions allowed by the taxation authorities.

Accordingly, no provision for income taxes is reflected in the financial statements of the Fund.

# LEITH WHEELER INCOME ADVANTAGE FUND

Notes to Financial Statements

Period from commencement of operations on December 21, 2010 to December 21, 2010

## 2. Significant accounting policies (continued):

### (i) Future accounting change:

The CICA will transition publicly accountable entities from Canadian generally accepted accounting principles (GAAP) to International Financial Reporting Standards (IFRS). The Fund's financial statements will be prepared in accordance with IFRS for the fiscal period commencing on January 1, 2013 and will include comparative information prepared on the same basis. The impact of adopting IFRS is expected to be mainly in presentation and additional disclosures in the Financial Statements of the Fund.

## 3. Reconciliation of Net Asset Value to Net Assets:

The calculation of net assets of an investment fund for financial reporting ("Net Assets") differs from the calculation of the net asset value ("Net Asset Value") of an investment fund because Section 3855 requires the fair values of marketable securities to be based on the closing bid quotations, while for trading purposes, these are generally determined at either the last sale price or the midpoint between the closing bid and asked quotations.

Section 14.2 of National Instrument 81-106 ("NI 81-106") issued by the Canadian Securities Administrators requires an investment fund to calculate its daily Net Asset Value for the purchase and redemption of units based on the fair value of the investment fund's assets and liabilities. The Fund has not changed the methodology in this respect. In accordance with NI 81-106, the Net Asset Value per unit compared to the Net Assets per unit and an explanation of the differences between such amounts, are required in the notes to the financial statements.

The impact of applying Section 3855 on the Net Asset Value of the Fund is as follows:

	As at December 31, 2010			Amounts per Unit as at December 31, 2010	
	Net Asset Value (Closing sale/ mid price)	Section 3855 adjustment	Net Assets (Closing bid price)	Net Asset Value (Closing sale/ mid price)	Net Assets (Closing bid price)
Series A	\$ 249,984	\$ (124)	\$ 249,860	\$ 9.98	\$ 9.98
Series B	10	-	10	10.00	10.00

# LEITH WHEELER INCOME ADVANTAGE FUND

## Notes to Financial Statements

Period from commencement of operations on December 21, 2010 to December 21, 2010

#### 4. Fair value of Financial Instruments:

The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The Fund's financial instruments are recorded at fair value or at amounts that approximates fair value in the financial statements.

The following table presents information regarding the classification of the Fund's financial instruments within the fair value hierarchy as at December 31, 2010:

	Assets at fair value as at December 31, 2010			
	Level 1	Level 2	Level 3	Total
Bonds (including Mortgage Backed Securities)	\$ -	\$ 123,477	\$ -	\$ 123,477
Equities – Long	38,205	-	-	38,205
Investment Fund Units	87,260	-	-	87,260
	\$ 125,465	\$ 123,477	\$ -	\$ 248,942

#### 5. Financial instrument risk and risk management:

The investment objective of the Fund is to provide a relatively stable source of tax efficient monthly income, with some potential for long term growth through capital appreciation and growth in dividends. The Fund will invest in fixed income securities, preferred shares, mortgages and dividend paying equity securities. The Fund primarily invests in a broad range of Canadian securities and may also invest in foreign securities. The Fund will also invest in a broad range of companies and is not restricted by capitalization or industry sector although portfolio diversification is a consideration in the selection of securities of the Fund. Under normal circumstances, the Fund will keep its portfolio fully invested to the greatest extent.

The Fund's investment activities expose it to a variety of financial risks. The Statement of Investments presents the securities held by the Fund as at December 31, 2010, and groups the securities by asset type, geographic region and/or market segment. Significant risks arising from the financial instruments held by the Fund are discussed below.

No changes affecting the overall level of risk of investing in the Fund were made during the period. The risks of the Fund will remain as discussed in the most recent Simplified Prospectus.

# LEITH WHEELER INCOME ADVANTAGE FUND

## Notes to Financial Statements

Period from commencement of operations on December 21, 2010 to December 21, 2010

---

### 5. Financial instrument risk and risk management (continued):

#### (a) Interest rate risk:

Interest rate risk arises on interest-bearing financial instruments held in the investment portfolio such as bonds. The Fund is exposed to the risk that the value of interest-bearing financial instruments will fluctuate due to changes in the prevailing levels of market interest rates.

As at December 31, 2010, the Fund's exposure to debt instruments by maturity is as follows:

	Less than 1 year	1 – 5 Years	5 – 10 Years	Greater than 10 years	Total
Fixed income securities	0.2%	71.9%	23.7%	4.2%	100.0%

As at December 31, 2010, had prevailing interest rates raised or lowered by 1%, assuming a parallel shift in the yield curve, with all other variables held constant, the Fund's net assets would have decreased or increased, respectively, by approximately \$5,200. The Fund's sensitivity to interest rate changes was estimated using the weighted average duration of the bond portfolio. In practice, actual trading results may differ and the difference could be material.

#### (b) Other market risk:

Other market risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuer, or all factors affecting all instruments traded in a market or market segment. All securities present a risk of loss of capital.

The Manager moderates this risk through a careful selection of securities and other financial instruments within the parameter of the investment strategy. The Statement of Investments groups securities by asset type, geographic region and/or market segment.

For this Fund, the most significant exposure to other market risk arises from its investment in equity securities. As at December 31, 2010, had the prices on the respective stock exchanges for these securities raised or lowered by 10%, with all other variables held constant, net assets would have increased or decreased by approximately \$12,546, respectively. In practice, the actual trading results may differ and the difference could be material.

# LEITH WHEELER INCOME ADVANTAGE FUND

Notes to Financial Statements

Period from commencement of operations on December 21, 2010 to December 21, 2010

---

## 5. Financial instrument risk and risk management (continued):

### (c) Credit risk:

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund. The fair value of debt securities includes consideration of the credit worthiness of the debt issuer. The carrying amount of investments, as presented on the Statement of Investments, represents the maximum credit risk exposure.

As at December 31, 2010, the Fund invested in debt instruments with the following credit ratings (credit ratings are obtained from Standard & Poor's, Moody's, Fitch and/or Dominion Bond Rating Services. Where one or more rating is obtained for a security, the most common rating has been used):

Debt instruments by Credit Rating	Percentage of Debt Instruments
AAA	44.4%
AA	9.6%
A	15.7%
BBB	30.3%

### (d) Liquidity risk:

Liquidity risk is defined as the risk that the Fund may not be able to settle or meet its obligations on time or at a reasonable price.

The Fund's exposure to liquidity risk is concentrated in the daily cash redemptions of units. Therefore, the Fund invests the majority of its assets in investments that are traded in an active market and can be readily disposed. In addition, the Fund retains sufficient cash and cash equivalent positions to maintain liquidity. The Fund is also subject to the requirements of NI 81-102, where the Fund shall not purchase an illiquid asset if, immediately after the purchase, more than 10 percent of the net assets of the fund, taken at market value at the time of purchase, would consist of illiquid assets

## 6. Management fees and expenses:

In respect of Series A units, the unitholder pays the Manager a negotiated management fee outside the Fund. In respect of Series B units, the Manager is entitled to receive a management fee, calculated daily and paid monthly, up to a maximum annual rate of 1.00% of the Series B Net Asset Value. The fee will be reduced to 0.80% per annum as long as annualized yield on the Fund quarter end is less than 4.50%.

Amounts payable to the Manager by a Series A unitholder, including Harmonized Sales Tax thereon (see note 7), in respect of management fees, are paid directly by unitholders and therefore not included as an expense of the Fund in the Statement of Operations.

# LEITH WHEELER INCOME ADVANTAGE FUND

Notes to Financial Statements

Period from commencement of operations on December 21, 2010 to December 21, 2010

---

## 6. Management fees and expenses (continued):

The Manager is also entitled to reimbursement of reasonable expenses incurred on behalf of the Fund in connection with charges made for registry and transfer agency services, interest expense, and costs and expenses associated with holding unitholders' meetings.

The Manager may at times absorb certain expenses incurred on behalf of the Fund, in which case such amounts are shown as a deduction from expenses in the Statement of Operations. The Manager is under no legal obligation to continue this arrangement, and may terminate it at any time.

Management fees and subscriptions for units include distributions that may be made to particular unitholders by the Manager in respect of fee reductions agreed between the respective unitholder and the Manager. There were no management fee distributions during the period ended December 31, 2010.

## 7. Harmonized sales tax:

Effective July 1, 2010, certain provinces have harmonized their provincial sales tax (PST) with the federal goods and services tax (GST).

Investment funds in Canada are required to calculate the HST rate using specific rules. The specific rules and guidance require HST to be calculated using the residency of unitholders and the current value of their interests, rather than the physical location of the fund manager. This results in a blended HST rate that is applied to the management fees and expenses of the Fund.

## 8. Unitholders' equity:

Pursuant to its trust indenture, the Fund has authorized an unlimited number of units, which are redeemable at the option of the unitholders. Issued units are summarized as follows:

	Outstanding units at beginning of period	Purchased during the period	Reinvested distributions	Redeemed during the period	Outstanding units at end of period
Series A 2010	-	25,000	38	-	25,038
Series B 2010	-	1	-	-	1

# LEITH WHEELER INCOME ADVANTAGE FUND

Notes to Financial Statements

Period from commencement of operations on December 21, 2010 to December 21, 2010

---

## **9. Income taxes:**

The Fund does not have any non tax effected net realized capital losses available for utilization against net realized capital gains in future years. The Fund also has no non-capital loss carryforwards.

## **10. Brokerage commissions:**

The total brokerage commissions paid by the Fund for the period were \$18.

## **11. Related party transactions:**

The Income Advantage Fund owns 8,722 Series A units of the Leith Wheeler Canadian Dividend Fund, which is a Fund under common management. The Income Advantage Fund earned approximately \$173 in dividend income from that investment.

A statement of portfolio transactions for the period ended December 31, 2010 will be provided for the Fund, without charge, on request to the Manager:

Leith Wheeler Investment Counsel Ltd.  
400 Burrard Street, Suite #1500  
Vancouver, BC V6C 3A6

Distributions of each Fund are automatically reinvested in units. Unitholders of the Fund are reminded that you can elect to receive your distributions in cash by giving us written notice at least 10 business days before a distribution date. There is no deferred (or contingent) sales or redemption fee payable on redemptions of units.

You can obtain a copy of the current simplified prospectus of the Leith Wheeler Advantage Fund by calling (604) 683-3391 or toll-free at 1 (888) 292-1122 and asking for the Investment Funds department, by e-mail at [info@leithwheeler.com](mailto:info@leithwheeler.com) or by writing to the Investment Funds Department of Leith Wheeler Investment Counsel Ltd. at 1500 - 400 Burrard Street, Vancouver, BC V6C 3A6.

Our clients are entitled to obtain specific information about Leith Wheeler Investment Counsel Ltd. Our most recent Statement of Financial Condition, a list of our directors and senior officers, and any information about administration proceedings that may relate to the firm or our staff are available upon request.
