This information is not available because this is a newly established fund

### How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

### Risk Rating

Leith Wheeler has rated the volatility of this fund as **Low to Medium**.

Because this is a new fund, the risk rating is only an estimate by Leith Wheeler. Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

### No guarantees

Like most mutual funds, this fund does not have any guarantees. You may not get back the amount of money you invest.

### How has the fund performed?

This section tells you how the Series F units of the fund have performed over since inception. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

#### Year-by-year returns

This information is not available because this is a newly established fund.

#### Best and worst three-month returns

This information is not available because this is a newly established fund.

#### Average return

This information is not available because this is a newly established fund.

### Who is this fund for?

#### Investors who:

- you are seeking income from your portfolio and some potential for capital gains
- you plan to hold your investment for the medium to long-term
- you are comfortable with low to medium investment risk

Do not buy this fund if you are not willing to accept some fluctuation in the value of your investment.

### A word about tax

In general, you will have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you take them in cash, or have them reinvested.

### How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series F units of the fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

#### Sales charges

There are no sales charges for Series F units of the Fund.

#### Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

The fund's expenses are made up of the management fee, operating expenses and trading costs. The series' annual management fee is 0.80% of the series' value. Because this series is new, its total operating expenses and trading costs are not yet available.

#### More about the trailing commission

Leith Wheeler does not pay representatives trailing commissions for the distribution of the fund.

#### Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

#### Fee

Representative's  
Firm Fees

#### What you pay

You must participate in a fee-based arrangement with your representative's firm in order to be eligible to purchase the Series F units of the Fund. The amount of the fee is determined between you and the firm.

### What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, fund facts or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
