REASONS TO OWN

- Source of monthly income and potential for capital gains
- Active, concentrated high yield and senior loan portfolio
- Exposure to assets denominated in U.S. currency but wish to reduce exposure to currency fluctuations between Canadian and U.S. dollars
- Long term, index agnostic, relative value style
- Low to medium investment risk

FUND OBJECTIVE

To provide investors with a high level of income and the opportunity for capital appreciation by investing in a portfolio of primarily high yielding fixed income securities issued by U.S., Canadian and other international corporations.

INVESTMENT STYLE

We take a conservative, disciplined approach to managing our High Yield Bond Fund. We believe the key to investing in high yield bonds is investing in solid companies run by strong management teams that can navigate variable market conditions. The High Yield Bond Fund is a concentrated portfolio made up of liquid securities, focused on high quality non-investment grade bonds with strong cash flows. The High Yield Bond Fund is available in both a Canadian currency hedged option and an unhedged option.

Leith Wheeler Investment Counsel Ltd. is the manager and primary investment advisor for the Leith Wheeler Mutual Funds. Leith Wheeler Investment Funds Ltd. is the principal distributor of the Leith Wheeler Mutual Funds. Leith Wheeler Mutual Funds are also distributed through authorized dealers. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing.

The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed or covered by the Canada Deposit Insurance Corporation, Leith Wheeler, or any other deposit insurer. Fund values change frequently and past performances may not be repeated. Just as performance can move up and down, so too can distributions; distribution history should not be used to predict future distributions. The summary of the investment fund's portfolio may change due to ongoing portfolio transactions.
