Established in 2003, Edinburgh Partners manages over \$11 billion in assets for institutional and individual clients.

INVESTMENT STYLE

We utilize a value approach to stock selection, applying bottom-up, fundamental analysis to all investment decisions. Our investment goal is to protect client capital while generating superior investment growth, regardless of economic conditions. We seek to invest in solid companies with stable earnings, a long-term business model, and a capable management team we can trust that can navigate variable market conditions.

As value investors, we tend to include companies in the portfolio when they are viewed as "out of favour" by the market and have declined in price. Companies can become undervalued when there is a lack of investor awareness, when an entire industry is out of favour with investors, or when a company experiences a short-term difficulty which, following careful analysis, we believe can be overcome. By purchasing these companies after a price decline, we are able to control downside risk in the portfolio while adding the potential for an attractive return.

® Reg. T.M., M.K. Leith Wheeler Investment Counsel Ltd.; M.D., M.K. Leith Wheeler Investment Counsel Ltd.; Registered, U.S. Patent and Trademark Office.

Leith Wheeler Investment Counsel Ltd. ("LWIC") is the manager and primary investment advisor for the Leith Wheeler Mutual Funds and the Leith Wheeler Pooled Funds (the "Funds"). Leith Wheeler Investment Funds Ltd. is the principal distributor of the Leith Wheeler Mutual Funds, which are also distributed through authorized dealers.

The Funds are not guaranteed or covered by the Canadian Deposit Insurance Corporation or by any other government deposit insurer.

The Funds, generally, offer some or all of Series A, Series B, and Series F units (certain Funds may offer additional series). The Series A units are not offered under Prospectus, but are available only by way of exempt distribution and are, generally, only for LWIC discretionary and certain other clients. The difference between Series A, Series B, and Series F units relates to the management fee payable to LWIC and the expenses paid by the series. The difference in fees and expenses means that each series will have a different net asset value per unit. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. For the Leith Wheeler Mutual Funds, please read the Prospectus or Fund Facts document before investing.

Except as otherwise noted, the indicated rates of return are the historical annual compounded total returns calculated on a time weighted, total return basis, including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Fund values change frequently and past performance may not be repeated. Non-Canadian denominated benchmarks are based on their published US\$ quotation, which we convert from US\$ to CA\$ using the Bloomberg exchange rate. Just as performance can increase or decrease, so too can distributions, so distribution history should not be used to predict future distributions. For money market funds, there can be no assurances that the fund will be able to maintain its net asset value per unit at a constant amount or that the full amount of your investment in the fund will be returned to you.

Portfolio weightings shown are based on percentage of total market value, not percentage of total Net Asset Value (NAV), and may differ from the fund's regulatory documents.
